Questions

Why do we do summer camp?

Summer camp is a place where students put down their phones, break away from their everyday routines, and experience God's love for them. The high-energy games, music, teaching, and small group discussion times are intentionally designed to meet students where they are at while simultaneously inviting them to take steps into a deeper relationship with Jesus.

How will my student get to camp?

Parents are responsible for organizing their student's transportation to and from camp. We are asking parents to drop off and pick up their student at Hillmont Camp (975 Hillmont Camp Road, White Bluff, TN 37187). Drop off will be at 7:30pm on Wednesday, June 18th. We will check your student in, collect any medications and/or snacks they may have, and show you where to drop off their stuff. Pickup will also be at Hillmont at 11:00am on Sunday, June 22nd. You are more than welcome to carpool with friends and/or drop siblings off together. We are unable to have students drive themselves due to limited parking at camp.

Who will my student be spending the week with?

We have rented out the camp so that only our group will be in attendance. Your students will be with peers as well as adult leaders who have been background checked and vetted prior to camp. We are running our high school camp at the same time and location as middle school camp. However, our middle school and high school students will be operating on a staggered schedule. The only time the high school camp schedule will overlap with the middle school camp schedule is meal times, during which each camp will sit in a different section of the cafeteria.

Who will my student be bunking with?

Students will be in large bunkhouses with other students and leaders of the same gender. There will be multiple leaders in their bunkhouses, all of

whom have been background checked. High school students will be in completely separate bunkhouses from middle school students.

What can I do for my student who has dietary restrictions?

Dietary restrictions are no problem! The Hillmont kitchen is equipped to address all major dietary needs. All you need to do is let us know your student's specific dietary needs on their registration form and we will take care of the rest.

Will my student be able to bring their own snacks?

Yes! But in order to keep creatures that belong outside, outside, we will be collecting snacks at check-in and storing them in the Worship Center. Students will have access to their snacks during free time each day. We also provide free snacks every night during our late-night activities, and students may bring money for vending machines and/or a snack bar that we will operate in the afternoons during their free time. We will sell candy and soda for \$1 each at the snack bar.

Will I be able to communicate with my student throughout the week?

One of the beauties of camp is the fact that we can step away from normal routines and rhythms and spend quiet, meaningful time in God's creation. Because of this, we will be asking students to turn their phones off and keep them in their bags throughout their time at camp. Additionally, there is limited cell phone service at camp and no wifi use for students. If you have an emergency and need to contact your student, you can do so by contacting Drew or Sarah (see contact info above). They will return your call and help get you in touch with your student as soon as possible.

What if my student has medications they need to take or has a medical emergency?

We have a medical professional who will be on site with us throughout camp to fill the role of camp nurse. Their job is to administer medicine to students who need it and attend to any injuries that may occur. Please note what medicine your student takes on their registration form, and we will collect your student's medication at check-in. At check-in parents will

be able to speak with our nurse and go over any special medical instructions.
